From the DC Tenkasi

A6 C 5026/40-41 Dt 25-

Th a short note on summarising the state of affairs in the Tenkasi Town Mlly

The collections under tolls & octroi are not satisfactory and would have been better but for the outbreak of plague during the year

2 The abstract D Cbs of mohatarfa is given below —

Total Demand Rs 51,294

Collections till 30/6/41 Rs 31 835

Balance Rs 19,459

The balance is further expected to be further reduced by Rs 3000/ before the close of the current offl year

3 Contributions payable to Govt depts etc amount to Rs 9593/- The ml authorities have been asked to adjust this amount bet to 30.6.41

4 There has been an embezzlement of ml funds amounting to Rs 6435 by the bill coll of the mlty A separate report on the subject is under submission separately

The Inspecting Offrs notices a general improvement in the affairs and the fl position of the mlty

Subject — Jud 120-41-8

Sir

I have the honour to state that I inspected the Tumkur Town Municipality on 24-6-1941 I am submitting herewith for the information of Government a note summarising the position of Municipal affairs as contemplated in letter No L.1428/35 dated 6th August 1937 from the Secretary, Local Self-Government Department to this office.

I have the honor to be,
Sir,
Your most obedient servant.

Deputy Commissioner
Tumkur District

SS/-.

Note summarising the position of the Tumkur Town Municipality as it stood on 24th June 1941

---

1 The income from Octroi uptodate is about Rs 9100/- and about Rs 300/- more is expected to be realised from this source before the end of the month and the total realisations may come to Rs 9400/- which is very nearly last year's figure (Rs 9464/-) This is much in excess of the realisations during 37-38 and 38-39

The demand on account of House, Shop and other taxes for the current year came to Rs 28388/- Together with the arrears of Rs 22906/- as they stood on 1-7-1940, the total demand for the year was Rs 51294/- Out of this, a sum of Rs 18483/- has been collected towards the arrears and Rs 13349/- towards the current demand. The total collections came to Rs 31835/- up to 20-6-1941 A further sum of Rs 3000/- is expected to be collected before the end of the month. It is seen that the collections are very much in excess of those of last year or of any previous year during the last decade. Action is being taken for the recovery of the bulk of the balance of Rs.19461/-, out of which Rs 4423/- relate to previous years. No action has apparently been taken in respect of a sum of Rs.1722/- which is said to be made up of a large number of petty demands

Tolls --The receipts during 39-40 were Rs 22414/- which was very nearly the income for 38-39 During the current year the collections uptodate have come to Rs.21416/- and a further sum of about Rs 500/- is expected to be collected before the end of the month and the total may come to about Rs 22000/-

The demand under miscellaneous heads comes to Rs.4655, out of which Rs 3995/- has been collected, leaving a balance of Rs.660/- The income under Octroi and tolls would have shown a normal increase this year but for the prevalence of plague in the town for five months.

2. The closing balance of the Municipality at the end of May 1941 was Rs 16068/- The financial position is fairly satisfactory The following measures have been take: improve the resources of the Municipality --

The levy of Profession tax will be revived from 1941-42. Bye-laws in this connection have been published on 31-5-1941. It is expected that their strict enforcement will help to bring a greater revenue to the Municipality, especially on bicycles.

The Revision of House taxes is also due Proposals regarding the levy of Sanitary cess are pending with the Government

3 A sum of Rs 1693/- on account of contributions to Educational Institutions and Rs 4300/- to the Sanitary Department towards the maintenance of the Water Works are due to be paid A supplementary estimate for Rs 3600/- has also been received from the Sanitary Department towards increased expenditure for the maintenance of the Water works The contributions will have to be adjusted before the end of the official year.

The last instalment due on account of the Water Supply loan was paid during the year, fully discharging the loan. The first instalment of the Drainage loan fell due during the year, but a reference has been made to Government for the recovery to start from 1941-42

4. The principal items of town improvement carried out dufing the year were (1) Laying out the new Mandi Extension, (2) Improvement of the Vegetable Market and (3) the Draining of Balanakatte Repair and Original works with an outlay of Rs 2443/- through the agency of the P W D and to the extent of Rs 17988/- through the Civil agency were carried out in all

5 There has been a case of embezzlement to the extent of Rs 643-11-11 (being the Mohatarfa collections) by the

Bill Collector A Chikkappa during the year. The offender is being tried in the Special I Class Magistrate's Court, Tumkur The final report of the President after enquiry has been sent to Government

6 The President Mr K Rangaiengar is taking interest in the work of the Municipality The Vice-President Mr R Venkata Rao has only recently taken charge. He has considerable knowledge of the needs of the town and I am sure he will prove useful

The Chief Officer Mr C R Rudrappa has done good work so far as Mohatarfa collections are concefned. There has, however, been lack of adequate supervision in the offiod which has resulted in an embezzlement of Municipal moneys as noted above The work of the Sanitar; Inspector Mr Abdul Sattar is average.

The office which has only three clerks has to be strengthened by one more hand as the work is heavy Proposals in this behalf are under correspondence with Government

Deputy Commissioner,
Tumkur District.

SS/- 25-6-41.
